Plant 3000 | Eureka, CA

Coats for the Cold, Humboldt County

For the second year in a row, the Eureka plant has teamed up with Coats for the Cold, an organization that provides used coats to children and adults who are in need. The following note from the organization expresses its appreciation for the generous donation:

"On behalf of the approximately 3,000 individuals (both children and adults) in Humboldt County who received gently used coats this year, we thank you and all of your employees at Mission Linen in Eureka for your significant contributions to Coats for the Cold.

For the second year in a row, you graciously took on the monumental task of laundering all of the gently used coats we collected during our annual January is Coats for the Cold Month. The fact that you are willing to provide us with such a service at no charge is an enormous help to our program, and it means so much to the individuals receiving coats from us. It makes all the difference in the world to know that one is receiving a clean, warm coat.

It is the generous support of businesses like Mission Linen that helps make this grassroots movement such a success! It is a positive reflection of the community, and we hope it continues in the future!"

Robert Lion, Coats for the Cold
